How To Order

You may order by phone, fax, email, or by purchase order. Generally payment must be received before orders will be shipped. However we will extend 30 days of credit to schools and other frequent credit worthy customers.

Ordering Information

1. For pickup orders, please call ahead so that you won't have to wait. The minimum U.P.S. shipping charge is \$12.00. Minimum order for billing and purchase orders is \$25.00. \$10.00 minimum on credit card orders.
2. Most prices in this catalog do not include shipping cost. Due to fluctuations, prices are current at the time of printing and are subject to change.
3. Raw Materials are F.O.B. (Freight On Board) Columbus, Ohio.
4. Equipment is F.O.B. manufacturer.
5. Shipments weighing less than 200 pounds can be sent U.P.S. while large orders can be sent by commercial carrier (we send all orders the least expensive way). We use only discounted carriers.
6. There is an additional \$12.50 charge for U.P.S. C.O.D.
7. Ohio customers must pay 7.50% sales tax.
8. Hours are Monday through Friday 8:00am-5:00pm year round or by appointment.
9. Returns are subject to a 20% restocking charge. Please call for authorization before making any returns.
10. We accept Mastercard, American Express, Visa & Discover as Payment. Cash is fine also.

Disclaimer of Warranties

Columbus Clay Company's only obligation with respect to any of the materials and equipment listed in this catalog shall be to replace the particular item or product shown to be defective by standard and accepted methods used in the ceramic industry. This is made in lieu of any and all warranties, express or implied, including but not limited to, any implied warranties of merchantability or fitness for a particular purpose. Columbus Clay Co. will not be liable for any injury or loss, inability to use for any monetary loss or damage in excess of the amount paid for such item or product. Before using, user shall determine the suitability of the product for his/her intended use and user assumes all risks and liability whatsoever in connection therewith.

Contents

General Information

*Columbus Clay Co. has ceramic engineers on staff to answer your questions and to provide you the technical advice you need.

*We will supply you with the best available clays, chemicals, glazes, colors and supplies at reasonable prices. We take care in preparing and packing materials for shipment.

*The variables in methods, techniques, formulations, studio practices, kilns and firing routines of schools and potters prohibit us from accepting responsibility for unsatisfactory results.

*We strongly recommend an ongoing testing routine for clays, glazes, colors, and experiments under your usual handling and firing conditions.

*Do not commit a large investment to untested materials.

Equipment Repair

Columbus Clay Company specializes in restoring Skutt, and Vulcan kilns, though we work on all major brands. If you are having problems with your kiln, give us a call. Many times we can diagnose the problem and decide on the most economical plan of correction over the phone. We stock Skutt, Vulcan and Dawson Kiln-Sitter parts for most popular models. We also repair wheels, slab rollers and other equipment.

Potters Wheel Rental

If you're thinking about trying out throwing but don't want to invest in a wheel just yet or if you're not sure which model of potters wheel is for you, rent one of ours for a week. We have the new Shimo VL Lite ready for you to try out. Please call for availability.

Trade-in and Sale of Previously Owned Equipment

Frequently we take equipment in trade for new kilns and potters's wheels. We recondition and offer these trade-ins for sale. Since availability is unpredictable, it is suggested that you call in periodically or better yet tell us what make and model you are looking for. We will contact you when we find it.

1 Moist Clay

Columbus Clay Company

LOW FIRE EARTHENWARE CLAYS

		Shrinkage		Absorption	
#125 White Moist Cone 06-04	A smooth, grogless, white-burning clay suited for coil work and general hand building. Unfired color is now dark gray but fires bright white.	c06	6.0%	c06	19.0%
		c04	6.5%	c04	14.5%
#127 White Sculpture Cone 06-04	This Clay is the same formula as White Moist with the addition of some fine grog. This makes the clay very suitable for larger wheel thrown and hand built pieces. Unfired color is now dark gray but fires bright white.	c06	4.5%	c06	15.5%
		c04	5.5%	c04	13.5%
#167 Red Moist Cone 06-04	A smooth, grogless, "Indian Red" color clay, suited for wheel work and general hand building.	c06	7.5%	c06	13.0%
		c04	10.0%	c04	6.0%
#177 Terra Cotta Cone 06-04	This Clay is the same formula as Red Moist with the addition of fine grog. This makes the clay a favorite for larger wheel thrown and hand built pieces.	c06	7.5%	c06	13.5%
		c04	9.0%	c04	6.5%

STONEWARE CLAYS

#146 Buff Clay Cone 2-7	Having a wide firing range, this cream colored clay is an excellent all purpose clay. A good clay to teach wheel throwing.	c2	10.0%	c2	8.5%
		c7	12.0%	c7	1.5%
#112 Brown Clay Cone 4-7	An excellent throwing clay body that contains manganese specks. Fires to a medium brown color.	c4	12.0%	c4	3.5%
		c7	13.0%	c7	1.0%
#112 NS Brown	Also available without specks.				
#124 Speckle Tan Clay Cone 4-7	Great all purpose clay body blended with fine grog and contains manganese specks.	c4	12.0%	c4	3.5%
		c7	13.0%	c7	2.0%
#130 Rustone Clay Cone 4-7	A fine grogged clay body. Fires to a deep rich brown color. Very nice for hand building or wheel throwing.	c4	12.5%	c4	1.0%
		c7	13.0%	c7	0.5%
#120 Barbs Body Cone 5-10	Very nice stoneware body. This clay throws beautifully and is great for oxidation or reduction fire. Fires to a tannish gray color.	c6	12.5%	c6	1.5%
		c10	13.0%	c10	0.5%
#129 Mather Stone Cone 6-10	A good production clay suited for making ovenware and functional dinnerware. An excellent throwing body that fires a warm gold color in reduction. Formulated by Tim Mather.	c6	11.0%	c6	6.0%
		c10	12.5%	c10	1.0%
#182 White Stoneware Cone 6-10	A very plastic throwing body, off white in color, and provides a good base for bright colored glazes.	c6	10.5%	c6	9.0%
		c10	12.0%	c10	4.0%

Columbus Clay Company

Moist Clay 2

PORCELAIN CLAYS

		Shrinkage		Absorption	
#215 Grolleg Porcelain Cone 4-7	Premium English clay body. Formulated at The Ohio State University by Jeanne Otis. Smooth and very white with excellent translucency.	c4	15.0%	c4	1.0%
		c7	15.5%	c7	0.5%
#213 Mid Range Porcelain Cone 4-7	A superior domestic porcelain body. Smooth and easy to work with. Very nice white color and plasticity.	c4	13.0%	c4	2.5%
		c7	13.5%	c7	0.5%
#217 Mather Porcelain Cone 8-10	Great smooth high fire porcelain clay. Very easy to work and is great in oxidation or reduction. Formulated by Tim Mather.	c10	14.0%	c10	0.5%

OTHER CLAYS

#116 Raku Clay White	A great raku formula that contains a blend of fine and medium grog. This body has good thermal shock resistance.	Varies	Varies
#222 "X" Clay	This clay is mill overrun clay. Great bargain clay. We cannot guarantee any firing properties. Good for non fire applications and clay therapy work.		
#202 Self Hardening Clay	This clay hardens to a relatively durable state without firing or baking. It can be decorated with acrylic or oil paints. Not suitable for functional ware.		
Dry Clays	All clays are available in dry form except for Self Hardening clay. Dry mix clays are an additional 2 cents per pound. Minimum order of 1,000 lbs		
Custom Clays	We can formulate and produce custom clay bodies in both moist and dry form. Your formula is confidential. Contact us for a quote. Minimum order of 1,000 lbs

Laguna WC-401 B-Mix 5 Clay

B-Mix 5 offer nice characteristics. Its smooth, porcelain texture is a pleasure to throw and form, and it fires to a cream color in oxidation.
Packed in 50 lb. boxes

1 Box.....	\$34.50
2-9 Boxes..... each	\$31.50
10-19 Boxes..... each	\$28.00
20-39 Boxes..... each	\$23.00
40 & Up Boxes.. each	\$21.00

Laguna EM-217 WED Clay

This clay has been specifically formulated to be a very smooth, slow drying clay for modeling. It is used primarily by design studios and the entertainment industry for modeling, design, mock-up and tooling. Not formulated to be fired. Priced same as B mix listed above.

Note: Please visit www.columbusclay.com for clay color charts.

Columbus Clay Casting Slips

Slip/Modeling Materials 4

White Earthenware Casting Slip c 06-04

We are pleased to offer the most consistent white cone 06-04 casting slip available. Our test procedures and multi ingredient formula insure proper specific gravity, flow viscosity and quality castings every time. Packaged in 2 gallon cardboard box with heavy duty plastic bag. **All quantities \$5.50 gallon**

JE-1 White Stoneware Casting Slip c 4-8

This mid range stoneware casting slip is suitable for functional as well as decorative pottery. Packaged in standard 2 gallon boxes. **All quantities \$7.00 gallon**

LJ-4 White Porcelain Casting Slip c 4-6

The best all around low temperature vitreous slip available. This translucent body is a compromise between the very white, very weak bodies of some manufacturers and the yellow buff bodies of others. White in color, good green strength and trimming characteristics. Packaged in standard 2 gallon boxes. **All quantities \$11.00 gallon**

NOTE: Boxed slip is for customer pickup only. For motor freight or UPS we offer any of the above slips in 3 gallon plastic pails. Cost is the price of 3 gallons of slip plus \$8.00 for the pail, plus shipping.

Sodium Silicate

A deflocculant also known as water glass, commonly used in casting slips to suspend clay particles in the least amount of water possible to attain the most dense concentration that will still flow into a plaster mold. .1-.3% recommended.. **\$4.15/Pint, \$25.00/ gallon**

Darvan #7

An alternative to sodium silicate to deflocculate (suspend) materials in water, recommend use .5 to 1%.....**\$6.00/Pint, \$32.00/gallon**

Sculpey

A white modeling compound that bakes in your home oven at 275°F to hardness in 15-20 minutes. Economical, easy handling product for the novice as well as the mature sculptor.....**\$15.99 1.75 lb. box**

Sculpey III Sampler Pack

Contains 30 one-ounce cubes of brightly colored modeling compound. Oven-hardens at 275°F. Excellent medium for jewelry and miniatures.....**\$32.99 30 oz. box**

Columbus Clay Self Hardening Clay

This clay hardens to a relatively durable state without firing or baking. Decorate with acrylic or craft paints and seal with shellac. Not suitable for functional ware. Available in red or white.....**\$20.50 12.5 lb. pkg**

Permoplast (Modeling Clay)

Remains soft and pliable when used over and over. Non-toxic and Sulfur free.

Cream Color.....**\$7.00 1 lb. pkg**

Van Aken Modeling Clay

Perfect for claymation, available in 1 and 4.5 lb. blocks, red, green, yellow, ultra blue, orange, magenta, violet, turquoise, flesh, white, black, and ivory. Remains soft and pliable, non-toxic, sulfur free.....**\$4.50 1 lb. pkg, \$16.95 4.5 lb. pkg**

Crea-Stone

Crea-Stone is a versatile sculpture medium which carves like soap and hardens like stone. This lightweight stone-like material is mixed with water and cast into shapes planned for sculpture, plaques, and various art forms. When aged, Crea-Stone hardens to a rough granite-like texture, lighter than stone permanent and weatherproof.....**Natural or White Stone \$95.00 25 lb. pkg**

Claycrete Instant-Papier Mache

All the qualities of original papier mache. No newspapers to cut-up, no flour or wheat paste, easy to prepare, easy to model, very economical and EXCEPTIONALLY WHITE.....**\$10.80 1 lb. bag, \$41.00 5 lb. bag, \$116.00 20 lb. bag**

Sculptamold

The best features of clay, plaster and paper mache. In dry form, this white, nontoxic compound is easily prepared by adding water, sets in 30 minutes. It adheres to almost all clean surfaces (even glass) and does not shrink so it may be applied to an armature or over any core. Very lightweight, permitting solid construction of large pieces. When dry, may be carved, sanded, sawed or even nailed. Surfaces may be decorated with water or oil base finishes.....**\$10.25 3 lb. bag, \$66.00 25 lb. bag, \$120.00 50 lb. bag**

Monster Clay (5 lb Block)

Monster Clay® Premium Grade Modeling Clay is a re-useable sulfur free, professional oil/wax based sculpting medium. Monster Clay® has an ultra smooth formulation that features a low melt temperature and a low tack feel that will not stick to tools or fingers. Monster Clay has high plasticity and has a unique elastic quality much like soft taffy when warm. At average room temperature Monster is firm enough to capture even the finest details and can be re-used and re-melted indefinitely. This sulfur free recipe is compatible with platinum silicone molding compounds. Best of all Monster Clay has lower density than the average oil based clays.

This means that you *receive approximately 25% more clay per pound without the added cost.***\$29.95/5 lb. pkg.**

5 Plaster/Mold Making

No. 1 Pottery Plaster USG (Plaster of Paris)

Highly uniform, noted for outstanding performance and long life. The standard of the industry. The best material for slip molds, wedging boards and plaster bats.

Moulding Plaster USG

A good utility plaster where expansion control, hardness, and strength are not of major importance. Mainly used for sculpture work.

Regular Dental Plaster

A normal set dental plaster recommended for general purpose applications, similar to Moulding Plaster.

Hydrocal White USG

A white Gypsum Cement that can be carved or added to. Good for casting and sculpting.

Ultracal 30 USG

A strong gypsum cement recommended where extreme accuracy and greater surface hardness are required. Has the lowest expansion of any rapid-setting gypsum cement available.

Hydrostone USG

One of the strongest and most durable Gypsum Cements. Especially suitable for high strength applications such as ram press dies and sculpture work.

Typical Physical Characteristics of Plasters

Type	Average Recommended Water Per 100 lbs. of Plaster	Setting Time (Minutes)	% Setting Expansion	Compression Strength (psi)

Mold Soap

A greasy soap specially formulated for use as a parting compound in the process of creating a plaster mold. This material should be cut with water and applied to the master form, the mold soap allows the master form to separate from the plaster once the plaster has set.

1 lbs.....\$8.53

Rubber Latex, AMACO

Make castings quickly and accurately with plaster of paris from molds made with Rubber Latex. Liquid rubber latex is applied over original models. Completed molds are tough, flexible and will often withstand 200 to 300 castings. Latex cannot be shipped in freezing weather.

Pint.....\$36.00

Mayco Molds

We are a distributors of the full line of Mayco casting and slump plaster molds. For a full selection of shapes please visit www.maycocolors.com. Call for pricing.

Custom Molds

Notes

Stains 10

Definition of a Stain

Essentially, a stain is an oxide or series of oxides and opacifiers which have been blended together, calcined (or fired), then ground to a 200 or so mesh powder. The reasons for using a stain versus an oxide, etc. are (1) **Stability of Color** — an important criteria for wall tiles, sanitary ware, etc. (2) **Insolubility** — an insoluble (in water) stain greatly diminishes the risk in handling wet glazes when dipping or pouring, etc. (3) **Color** — the fired color of most stains is identical to the raw color because it has already been fired. It is, therefore, easier to use or to mix to achieve another color. It can also be mixed with a variety of mediums to turn them into china paints, enamels, silk screen colors, decals, etc.

Key To Composition Chart

Al	Aluminum oxide	Al ₂ O ₃
B	Boric oxide	B ₂ O ₃
Ca	Calcium carbonate	CaO ₃
Co	Cobalt oxide	CoO
Cr	Chromium oxide	Cr ₂ O ₃
Fe	Iron oxide	Fe ₂ O ₃
Mn	Manganese dioxide	MnO ₂
Ni	Nickel oxide	NiO
Pb	Lead oxide	PbO
Pr	Praseodymium oxide	Pr ₆ O ₁₁
Sb	Antimony dioxide	Sb ₂ O ₃
Si	Silicon dioxide	SiO ₂
Sn	Tin dioxide	SnO ₂
Ti	Titanium dioxide	TiO ₂
V	Vanadium oxide	V ₂ O ₅
Zn	Zinc oxide	ZnO
Zr	Zirconium dioxide	ZrO ₂

Mason Stain Reference Notes

1. Can be used as body stain in porcelain at high temperatures.

1a. Use only as body stain.

Firing temperatures can only be a rough guide. Firing at 2200°F on a slow schedule may give the equivalent maturing as firing at 2300°F on a fast schedule. The cycle, atmosphere, and rate of cooling will affect the color.

2. Max. firing limit 2156°F (1180°C)

3. Max. firing limit 2390°F (1310°C)

4. Max. firing limit 1976°F (1080°C)

Zinc oxide influences the color in a glaze more than any other element. Generally, zincless glazes should contain no magnesium oxide. Some colors containing zinc are to be used in a zincless glaze. The zinc in the color is in a combined form and will not harm the color, but free zinc oxide in the glaze can destroy the color.

5. Do not use Zinc in the glaze.

6. May be used with zinc or without zinc.

7. Zinc not necessary but gives better results.

8. Best results with no zinc.

Calcium oxide content as calcium carbonate should be between 12-15% for best color development. Adding the molecular equivalent of calcium oxide with Wollastonite, a natural calcium silicate, often gives better uniformity. The increased silica from the Wollastonite must be subtracted or the glaze will have a poor surface.

9. Glaze must contain 6.7 to 8.4% Calcium Oxide.

Notes by Mason Stain Company — You must test under your conditions.

High Fire Red, Yellow, Orange Stains

If you make your own glazes this is the way to go. These stains can be used as a glaze or body stain and have been tested stable up to cone 10. Non toxic and food safe when used in a non toxic and food safe glaze formula.

#4170 Fire Engine Red

#4210 Bright Orange

#4250 Bright Yellow

Price: \$16.00 for 1/4 lb., \$50.00 for 1 lb.

Call for larger quantities.

Ceramic Stain Sale

We have a large supply of assorted ceramic stains. They have been manufactured by Ferro, Degussa, General Color, Pemco, O. Hommel and others. Here is the deal. You will get from 3/4 to 1 lb. of stain per jar. For this deal you can NOT pick specific colors or ask us to match Mason or any other color manufacturer stain. We do not do ANY testing of these colors. They are sorted into color groups. You can ask for assorted colors, or ask for BLACK, BLUE, YELLOW, GREEN, BROWN, GRAY, PINK, or MAROON. Some other colors are available. The value of these stains are from \$7 to \$25 per pound, so this is a GREAT DEAL! Please do a test before using any stain in your production. Contact us if you have any questions. You can save a lot of money with this stain promotion.

\$4.00 each (3/4-1 lb.)

SPECIAL get 12 for \$40.00

This is a value of over \$150!

NOTE: We have many additional stains from other manufacturers. Please call for specific information.

brent®

Electronic speed controls, permanent magnet DC motors and all steel construction are used in our variable speed power wheels (B, C, CXC, and EX). Our foot pedal is the smoothest in the industry, with speed range from 0 to 240 rpm and exceptional power. All wheels are equipped with automatic belt tensioning and belt guards. The steel tables for B, C and CXC are welded from 1/4" steel plate for weight and rigidity; the EX uses 5/16" steel plate. Models B, C, CXC and EX feature modular control for reversing wheel direction and easy repair or replacement of foot pedal and motor. Also available in 220 volt. Most Brent wheels come with a TEN YEAR WARRANTY

MODEL EX

The EX is the most powerful Brent® wheel ever! The heavy-duty 1-1/2 hp, 15 amp motor has the power to center over 450 lbs. of clay. Together with the 5/16" steel table, the EX can handle virtually any throwing project. The EX is driven by an 6-groove poly-v belt for the best combination of power and efficiency.

Includes FREE Splash Pan and 14" Plasti-bat®!
Model EX Wheel with Splash Pan.....\$1950.00

MODEL CXC

For years the CXC has been our heavy-duty wheel for the potter requiring strong, consistent performance. It still features all-steel construction, a tough 1 hp motor, 14" head, solid 1/4" steel table and the smoothest 0-240 rpm foot pedal available. The 6-groove poly-v drive belt provides the best combination of power and efficiency. The Brent® CXC wheel can center up to 300 lbs. of clay. Includes FREE Splash Pan and 14" Plasti-bat®!

Model CXC Wheel\$1850.00

MODEL C

The standard no one can match. It centers 225 pounds with a 3/4 hp motor and has a reputation for mechanical efficiency, long life and quiet, vibration-free dependability. The 14" aluminum head runs on permanently sealed double row ball bearings. Includes FREE Splash Pan and 14" Plasti-bat®!

Model C Wheel\$1740.00

MODEL B

Designed to fill the needs of school and studio potters. Competitively priced, this wheel is quiet and solid under loads of 150 pounds of clay. The B has the table and drive system of the C, combined with a 1/2 hp motor for the power and weight necessary for school use. Includes FREE Splash Pan and 12" Plasti-bat®

Model B Wheel with Splash Pan....\$1690.00

Call us toll free 1.866.410.CLAY

MODEL ie

The Brent® model ie wheel is economical, well-built, and has many features of the larger Brent® wheels. It has a sturdy 3/16" angle iron frame, recycled high density poly top, and the 1/4 hp motor can handle up to 75 lbs. of clay. The ie has removable legs making it very portable for taking to workshops and demonstrations and can be shipped by UPS.

Model ie Wheel\$1295.00

MODEL ie-x

The ie-x has all of the features of the ie (above) with the following enhancements: 1/3 hp motor that can handle 100 lbs. of clay, reversing switch, 14" cast aluminium wheel head, FREE 14" Plasti-bat®, and FREE splash pan. Includes FREE Splash Pan and 14" Plasti-bat®!

Model ie-x wheel\$1250.00

Splash Pan

A high density polyethylene molded yellow pan which fits all Brent® wheels. This pan is designed to catch excess water and protect the bearings. It snaps under the top bearing housing, with no bolts, screws or pins to get lost. Easily removed for cleaning.

Splash Pan\$54.00

**Most Brent Electric Potters Wheels
 Come With A 10 Year Warranty!**

Potters Wheels 14

SEAT (as shown on model B)

This sturdy seat attaches directly to Brent® B, C, CXC, and EX wheels. The seat height is adjustable from 19" to 25-1/2" for maximum comfort while throwing. Seat and wheel sold separately.

Seat\$299.00

LEG EXTENSION KIT

Raise your wheel to standing height to reduce stress on your back. This leg extension kit fits wheels B, C, CXC, and EX and adjusts the head height from 31-1/2" up to 42" high.

Leg Extension Kit\$282.00

BRENT® BOOTIES

Potters wheel risers, designed for tall potters who throw sitting down. The Brent® Booties are packaged in sets of three and are designed to fit the Brent® EX, CXC, C, and B potters wheels. Brent® Booties are reversible, allowing you to raise your wheel 2 or 4 inches depending on your need.

Brent® Booties (set of 3).....\$44.00

Serving Schools and Studios Since 1939

15 Potters Wheels

Brent Curved WorkStation Brent WorkTables

Add versatility and convenience to your Brent B, C, CXC or EX wheel with these accessories. Store Clay, modeling tools, brushes and other supplies on the surface or in cup holders to keep them within arm's reach. The Brent WorkStation and WorkTables are 1/3" thick and are made from the same rigid easy to clean material as the AMACO Plast-i-bat and adapt-A-Bat. Both are supplied with steel supports and adjustment/tightening knobs that attach to the two rear legs of the Brent wheel. The Curved WorkStation can be used in conjunction with the WorkTables for maximum convenience.

WorkStation

This one piece table measures 35 1/4" wide by 18 deep and attaches to the wheel legs with four steel supports (two per side). It also has two storage cup holders. The height of the table can be adjusted by using one or both knobs on each side at the same time. Loosen the front knobs, the side knobs (or all four), raise or lower the table to the desired height then tighten to secure.

Brent Curved WorkStation.....\$311.00

WorkTables

These tow tables attach to the wheel legs with the same supports and knobs as the Curved WorkStation except they can be independently adjusted. One table is 16" by 10" and the other is 18" by 10" with a cup holder. Both tables are fully adjustable.

WorkTable Set.....\$311.00

16" by 10" WorkTable.....\$149.00

18" by 10" WorkTable.....\$140.00

AMACO® Rehabilitation Potter's Wheel No. 16

Designed in coordination with leading rehabilitation and therapy experts, the No. 16 wheel is totally adaptable! It features sturdy construction that adjusts to fit any situation. With a powerful 1/3 HP motor that is reversible, variable speeds from, 0-200 rpm., a cast aluminum head, and a non-breakable splash pan, the No. 16 wheel works in situations where a conventional wheel will not.

Overall dimensions are 47-3/4" wide and 32" deep. Full ten year limited warranty.

Shimpo Banding Wheels

Shimpo continues to offer the ideal in banding wheels which create a solid, steady, and reliable surface needed especially when applying delicate and fine touches to your work.

Shimpo Banding Wheels are favored by potters for their:

- * Heavy-duty construction
- * Smooth, precise rotation
- * Ball-bearing engineering (A,C,D)
- * Point socket rotation (B)
- * Concentric circles on wheel head
- * Rust resistant finish.

Amaco #5 Basic Banding Wheel

Good basic economical banding wheel. All Aluminum, perfect for modeling, finishing or decorating, the 7" wheel head is marked with concentric circles. Can be used portable or bolted to a table top. Grooved wheel shank accommodates a small round belt for mechanization.

Amaco #5 Banding Wheel \$44.50

SHIMPO

RK-Whisper

The latest in Shimpo's line of superior products, the RK-Whisper is the next generation of potters wheels. Not just quiet, but QUIET! This wheel is by far the quietest on the market; you can actually throw and hear yourself think at the same time. This wheel features a brushless DC motor and direct drive system (NO BELTS or CONES). The motor is an electronically controlled series of electro magnets. It is operated by a fixed foot pedal with a hand lever. The steel body is durable under all conditions. Five year warranty.

Model RK-Whisper Specifications

Motor: 1/2 HP, 400 W, AC 115V, 60 Hz
Drive System: Direct Drive DC Brushless Motor
Speed Control: Fixed Foot Pedal w/ Hand Lever
Wheelhead Speed: 0-250 rpm
Wheelhead Direction: Clockwise/Counter-Clockwise
Centering: 100 lbs.
Wheelhead: 12 inch light alloy casting, drilled for bat pins
Dimension: 20 x 21 x 20"
Ship Weight: 135 lbs.
Price \$1373.00

VELOCITY VL-Whisper

The superior technology of Shimpo's RK-Whisper potter's wheel and the popular features of Shimpo's Velocity V75 potter's wheel have been combined to create the second model in Shimpo's Whisper series potter's wheels, the VL-Whisper. Responsive, high torque at all speeds, powerful and we can now say the quietest wheel in the potter's wheel market. Five year warranty and two piece splashpan included

Model Velocity VL-Whisper Specifications

Motor: 1/2 HP, 400 W, AC 115V, 60 Hz
Drive System: Direct Drive DC Brushless Motor
Speed Control: Remote Foot Pedal
Wheelhead Speed: 0-250 rpm
Wheelhead Direction: Clockwise/Counter-Clockwise
Centering: 100 lbs.
Wheelhead: 14 inch light alloy casting, drilled for bat pins
Dimension: 23 1/8 x 27 1/2 x 22 3/4"
Ship Weight: 135 lbs.
Price \$1501.00

VL-Lite

Designed with the potter in mind, the VL-Lite is a belt-driven lightweight wheel. "Lite" enough to carry yet sturdy enough to throw on. Featuring a remote pedal, two-piece splashpan, workspace, 100-watt reversible motor, an automatic belt-tensioning system and a "Lite" price. Five year warranty.

Model VL-Lite Specifications

Mtor: 1/2 hp, 100W DC
Speed Control: Remote Foot Pedal
Wheelhead Speed: 0-250 rpm
Wheelhead Direction: Clockwise/Counter-Clockwise
Centering: 25 lbs.
Wheelhead: 12" Alloy with Bat-Pins
Dimension: 22" x 28" x 21"

Bat Pins

Fits Brent, Amaco, Shimpo, Creative Industries, and Thomas-Stuart wheels.....\$3.50

Giffin Grip

A re-centering and holding tool for leather-hard or bisque ware. Designed specifically for trimming, it works equally well with waxing the foot or banding with underglazes or engobes. Three arms gently corral your pot into the center. After an initial one-time adjustment, the Giffin Grip simply snaps on and off your wheel. Includes Giffin Grip, basic and wide slider sets, 2", 4", and 6" arms.

Giffin Grip.....\$219.00

Plasti-Bat

Plasti-Bat® was designed by studio potters to be a versatile, long-lasting, high-quality bat that is virtually indestructible! Made of 1/4" -3/8" thick, very rigid, high impact plastic, they will provide continuous use, will not splinter, delaminate, swell or shrink. They are easy to clean and are impervious to water and most chemicals.

Plasti-bats drilled with bat pin holes have one oblong hole for a better fit on your AMACO® or Brent® wheel. The holes will remain just as drilled and will not become oversized with use. The surface is a non-absorbent, positive adherence surface that does not allow clay to slide or turn loose while centering. Plasti-bats are lightweight, easy to stack, carry and store. Pots removed from a Plasti-bat® have a totally smooth, clean surface. NOTE: 8" and 10" Plasti-bat® will always be drilled 6" apart to fit Adapt-A-Bat®

Description	Distance	Pins	Price
8" Drilled	6"	2	\$11.10
10" Drilled	6"	2	\$13.45
12" Drilled	10"	2	\$17.50

20" Drilled	10"	2	\$53.00
9x9 Square	10"	2	\$11.10

Adapt-A-Bat

The Adapt-A-Bat™ from AMACO® allows the use of 8" and 10" bats on larger wheel heads that are not drilled to accept smaller size bats with holes 6" apart on center. There are two versions available: 1) pre-drilled with holes 10" apart on center or 2) without bat pin holes. Both versions include two bat pins that are 6" apart on center to allow the use of smaller bats.

Adapt-A-Bat™ is available individually or as a set that includes the 14" Adapt-A-Bat™ plus two 8" and two 10" Plasti-Bat® either with pre-drilled bat pin holes or without. One Adapt-A-Bat™, together with several 8" or 10" Plasti-Bats is the perfect solution for high volume production or classroom instruction when smaller objects are being thrown and several students are sharing the wheels.

Adapt-A-Bats are constructed from specially formulated, 1/4" thick tough plastic for strength and long life. They won't swell or shrink, are easy to clean and are impervious to water and most chemicals.

Adapt-A-Bat™ with bat pin holes.....\$42.40

Adapt-A-Bat™ plus 2- 8" & 2 -10" Plasti-Bat® with bat pin holes.....\$76.30

Brent Pottery Stool

Made from heavy gauge tubular steel with a durable enamel finish. It stands 18" high and can be used with all wheels.

Stool..... \$92.00

Brent Ware Cart EX

Designed for stability, convenience and versatility. Stability is achieved by a one-piece construction per side using a single bent 1" heavy walled steel pipe with welded-on shelf supports. Heavy duty Kee clamps are used to connect the sides with three, 1" diameter steel pipes. The ware cart, standing 77" tall, 24" deep and 32" wide, is on swivel casters with 4" rubber tires to give you the convenience of rolling the cart from place to place. Cart is shipped knocked down and can easily be assembled.

Optional shelves (12) are made from 1/2" exterior grade plywood.

Ware Cart with cover..... \$660.00

Ware Cart with Shelves 785.00

Potter's Stool ST 5

Has thin, firm, durable cushion. Manual adjust spindle, 5 leg base for stability.

ST 5.....\$109.00

Brent Kiln Shelf Cart

A mobile, efficient means of loading and unloading your kiln, the Kiln Shelf Cart is 47" high, 35" long and 13" wide. Steel rods keep up to 16 kiln shelves (up to 20" high) stored vertically and separated for less damage. Three shelves give you room for stacking posts, cones, stilts, pots, etc. and are interchangeable with the ware cart shelves.

Kiln Shelf Cart \$703.00

Potter's Stool ST 4

Rugged and contoured seat provides lower back seat support. Made from molded plastic and a firm cushion, durable in the most severe-use conditions. Easy to clean. Air cylinder finger touch height adjustment extends from 16"-23". Five leg base with glides for stability.

ST 4.....\$124.00

Brent Bat Mobile

A great way to store your unused bats. The Batmobile can hold 60-90 bats, depending on thickness and has an adjustable shelf to accommodate 12" to 14" bats. Standing 42" x 35" x 14", the Batmobile's top shelf can also be used on the ware cart.

Batmobile \$549.00

SLAB ROLLERS

These sturdy machines are constructed of heavy gauge steel pipe and plate, precision machined parts, permanently sealed bearings and aircraft quality cables. The beds consist of masonite shims which can be removed or added to vary the slab thickness from 1/8" to -1/4" (1" for SRC). A canvas covered removable shim that absorbs water from the clay is used so you can peel off the clay slab easily. The entire shim with clay slab can be removed from the bed. Extra shims available.

SR-20 Slab Roller

The SR-20 is a mid-sized floor model that can produce slabs up to 20"W x 52"L. It includes one 1/4" shim with canvas and one 1/8" plain shim. Maximum slab thickness is 1-1/2". Assembled dimensions: 34"W x 76"L x 40"H. Shown with optional leg assembly.

SR-20 Floor Model.....\$2765.00

SR-36 Slab Roller

The SR-36 is a large floor model that can produce slabs up to 36"W x 52"L. It includes one 1/4" plain shim, one 1/4" shim with canvas, and a 1/8" plain shim. Maximum slab thickness is 1/8". Assembled dimensions: 49"W x 76"L x 40"H.

SR-36 Floor Model.....\$3380.00

IMPORTANT NOTE ON SR-36 SLAB

ROLLER: Because of the amount of clay and the mechanical pressure that is produced rolling a large slab, the middle of the bed may bow slightly, creating a slab that is thinner on the sides. This variation is more evident when rolling thinner slabs—from 1/2" to 3/8". Its affect on thicker slabs is not quite as evident. This is a great slab roller for large projects, but those looking for thin, consistent slabs, may want to purchase one of our smaller slab rollers.

SR-14 Slab Roller

The SR-14 is a large table model that can also be used as a floor model with the optional leg set. It includes two 1/4" shims with canvas and one 1/8" plain shim. Maximum slab dimensions: 14"W x 36"L. Maximum slab thickness is 1-3/4". Assembled dimensions: 27"W x 52"L x 40"H. Shown with optional leg assembly.

SR-14 without leg assembly.... \$1950.00

SR-14 with legs..... 2240.00

Mini SRC Slab Roller

Portable, yet extremely sturdy, this slab roller is compact enough to fit on a table and is ideal for small projects (not for production or school use). It has a solid steel frame and the patented cable drive system of the SRC. It includes one 1/4" shim with canvas and two 1/8" plain shims. Maximum slab dimensions: 14"W x 15"L. Maximum slab thickness is 1/4". Assembled dimensions: 31"W x 26"L x 14"H.

Mini SRC Slab Roller.....\$815.00

Equipment 20

SRC Slab Roller

The SRC is a portable slab roller designed for small projects (not for production or schools). It can be used on a table or as a floor model with the optional leg set and has a patented cable drive system with opposing rollers that produces even pressure along the bed. The SRC comes with one 1/4" shim with canvas, four 1/4" plain shims and one 1/8" plain shim. Maximum slab dimensions: 21"W x 40"L. Maximum slab thickness is 1-1/4". Assembled dimensions: 40"W x 51"L x 40"H.

SRC without leg assembly\$1100.00

SRC with legs 1300.00

Brent Clay Extruder HD

The clay extruder makes thousands of different solid or hollow shapes: tubes, bars, tiles, slabs — the possibilities are endless. Constructed with heavy duty steel pipe with wear and stress points case hardened to withstand all production applications. The barrel is 4" wide and holds 10 pounds of clay. An easy-to-remove end cap holds the die you choose. This hand extruder comes with the hardware needed to be bolted to a wall or table and an optional stand can be purchased to attach it to the end of all Brent® SR model slab rollers. The HD model mounts to the wall. A three piece standard die set is available for a variety of solid shapes. For more intricate use of the hand extruder, a tube die set is available to make hollow round, hexagonal and square extrusions.

The Peter Pugger-Mixer

The Pugger-Mixer makes clay mixing quick and easy. Just add water to a batch of dry ingredients in the mixing chamber. Allow the powerful mixing action to completely homogenize the clay body, then switch to pugging action and the Pugger-Mixer unloads itself thru the pugmill, leaving the operator free to cut off and handle the extrusion. Clay handling is greatly reduced without the heavy labor of transferring wet clay from separate mixer to independent pugmill. This saves hours and effort in production. Knowing the true composition of the working clay and convenient salvaging of scrap gives the Pugger-Mixer owner both product control and economy with a single space-saving machine costing little more than individual mixer or pugmill.

Stroke & Coat® glazes can be applied to wet or leather hard clay as well as bisque, fired from cone 06 to 10, in oxidation or reduction. Apply for all over coverage or in a painterly style, Stroke & Coats® can be the star or play a supporting role in endless glaze combinations. It is the ideal product of choice for the studio, classroom, potter, and fine artists.

Stroke & Coat® Kit 1

SC-KIT1 Contains 12 - 2 oz squeeze bottles, one each of the following colors.

SC-KIT1P Contains 12 pint bottles, one each of the following colors.

Foundations®

Available sizes

- » 4 oz jar
- » 16 oz wide mouth pint
- » Gallons (15 colors)

Begin your ceramic project with Foundations® as the surface. Available in gloss opaque, gloss translucent and matte finishes, Foundations® will become an essential building block. Foundations® Opaque, Sheer and Matte glazes are easy to apply, consistent in firing performance and are budget friendly. Foundations® are stable and non-moving, excellent for majolica techniques with Stroke & Coat® and glaze combinations. Foundations® glazes dry quickly, allowing immediate additional decorating and same day firing. Easily apply to leather hard clay for time savings and same day firing. We do recommend leaving an area unglazed, such as the back or bottom of the piece, for out-gassing during firing.

Foundations® Sheer

Foundations® Matte

Jungle Gems™

Crystal Glaze

Available sizes

- » 4 oz jar
- » 16 oz pint

These beautiful glazes transform in the kiln when small pieces of glass frit burst into color and intricate patterns during the firing process. Use alone for stunning effects, in glaze combinations or simply as an accent to your design. The crystals in the glaze will melt when fired, which may cause a textured surface. As that surface may be difficult to properly clean if in contact with food, we recommend crystal glazes to be used on decorative pieces.

Underglaze

Underglaze was the first product line our company produced in 1954 and continues to be a staple for many ceramic artists.

Mayco Underglazes are highly versatile – use for all over coverage or in design, apply directly to clay, greenware or bisque. Fires from cone 04 to cone 10. Certified AP Non-Toxic.

Food safe when clear glaze is applied overtop.

AMACO® K-6 Sampler Class Pack Set

Cone 06-04. A collection of low fire glazes, two colors each form six popular AMACO glaze series.

Class Pack K-6 Sampler 12\$214.00

Glazes 24

AMACO® Velvet Underglazes

Mix and layer hundreds of colors! Their saturated color, dependability and versatility make Velvets as popular for pros as they are for children. velvets fire true-to-color as a Cone 05/06 underglaze or fired to Cone 6. Try two finish possibilities: When left unglazed, these colors have the rich, textural appearance of velvet; when covered with AMACO Clear transparent Matt or Clear Gloss glaze, they intensify in color.

KEMPER TOOLS®

Double "O" Rib, 12"

This rib is hand formed and finished from imported hardwood and is used for cutting, slicing, shaping and smoothing soft clay.

RB00, 12" \$10.99

Throwing Sticks

Patterned from the ancient Japanese egote, these throwing sticks aid in shaping and compressing deep and narrow necked wheel-thrown pieces. These throwing sticks are made in two sizes of fine imported hardwood and are polished to a satin-smooth finish.

TS1, 12-1/2" \$13.59

TS2, 12-1/2" \$13.59

Throwing Stick 11-1/2"

Aluminum Caliper

AL8 Aluminum Caliper 8" \$7.79

AL10 Aluminum Caliper 10" \$8.89

AL12 Aluminum Caliper 12" \$10.39

CLS Clay Lift Set

\$9.19

The Clay Lift Set has two double-ended tools with sharpened stainless steel spoons contoured for easy insertion, lifting, and removal from moist clay. Instructions are also included with each set. This set makes possible the creation of many new decorating patterns and varied effects previously difficult to obtain, such as bird feathers, flower petals, and fish scales. The spoons are firmly held by solid brass ferrules to smooth wooden handles. Each tool is approximately 7" long.

DTA Dipping Tongs

\$12.49

Dipping tongs are used to dip ceramic pieces directly into the glaze. They are made from heavy plated steel and feature four sharp gripping points that make minimal contact with the piece being dipped. The tongs are about 10" long.

F96 Fettling Knife (soft) \$5.99

F97 Fettling Knife (hard) \$5.99

K35 Wire Clay Cutter \$3.49

K36 Nylon Clay Cutter \$3.79

Clay Cutters are used for slicing and cutting lump clay. They also cut pots and other items from the throwing head of the potter's wheel. Hardwood 3" toggle handles are firmly fastened to approximately 18" of fine quality stainless steel for the K35.

Finish Rubbers

These finish rubbers are molded from pliable rubber in two kidney shapes and two grades of resiliency. They are used for smoothing, shaping and finishing pottery pieces.

FRSS Small, soft 3-1/8" \$3.99

FRSM Small, hard, 3-1/8" \$4.29

FRSO Large, soft, 4-1/4" \$4.49

FRH Large, hard, 4-1/4" \$4.49

Loop Tools

Loop Tools are used to removed controlled amounts and shapes of clay from wheel-thrown pieces and clay sculpture pieces. The shaped cutting heads are made from heavy stainless steel ribbon with sharpened edges. Rugged hardwood handles provide a sure grip and allow easy manipulation of these tools in wet clay.

LT1 1/2" wide cutting head \$4.55

LT2 3/4" \$4.55

LT3 1" \$4.55

LT4 1/2" \$4.55

LT5 1 3/4" \$4.55

LT6 1 1/4" \$4.55

LT7 1 1/8" \$4.55

LT8 1 3/4" \$4.55

Tools 28

K45 Klay Gun

\$18.49

This tool is used to force soft clay through various shaped openings in an assortment of interchangeable discs. The extruded clay shapes can be used for an almost limitless number of decorative effects such as hair, grass, flower stamens, rope, logs, bricks, vines and stems. The Klay Gun is furnished with a set of 19 discs that are formed to allow flush cutoff of the extruded clay. It is constructed of sturdy die cast zinc alloy and is about 4" long.

IKEG Klay Extruder Gun

This Calk gun style extruder has a 20 inch long barrel, 2 inches in diameter. Fast action trigger, easy loading, and includes an 1/8", 1/4", 1/2" coil dies and one blank die.

Price.....\$59.99

Hole Cutters

Hole Cutters provide an easy method for cutting clean holes in wet thick-wall greenware and wheel-thrown items. All four sizes can be used to achieve a variety of designs. The cutting tubes are sharpened polished brass and are set in smooth hardwood handles.

HC1 3/16" Hole Cutter.....\$4.39

HC1A 1/4" Hole Cutter.....\$4.69

HC2 5/16" Hole Cutter.....\$4.15

HC3 1/2" Hole Cutter.....\$4.79

HC4 7/8" Hole Cutter.....\$10.39

Basic Tool, 7-1/2"

This is an all-wood tool that is sharp and pointed on one end and square and flat on the other. It is used for modeling in soft clay, for cleaning hard-to-reach areas on greenware and light sgraffito work.

BAS, 7-1/2" \$1.75

ROLLING PINS

Solid Maple Rolling Pins (Non-bearing handles)

18" Solid Maple..... \$33.00

24" Solid Maple..... \$38.00

30" Solid Maple..... \$45.00

Serving Schools and Studios Since 1939

29 Tools

Pot Lifter

These Pot Lifts provide an easy method for removing pottery items from the throwing wheel without damage. They are made from rust-free, high-strength aircraft aluminum alloy.

PL1 Pot Lift (pair) 6" wide \$13.39
PL2 Pot Lift (pair) 5" wide \$11.69
PL3 Pot Lift (pair) 4" wide \$10.99

PNH Potter's Needle \$2.05

This tool has a heavy sharp needle set in a 1/2-inch diameter hardwood handle. Potters use this tool to cut through and remove the uneven top edge of wheel-thrown items. Tool is 5" long.

PRO Tool \$2.79

This is our heaviest needle tool. The large sharp needle is firmly set in an aluminum handle which is finely textured to provide a firm grip for wet hands. The Pro Tool may be used to cut heavy clay strips, to cut designs in clay, and to put holes in salt shakers. 6-5/8" long.

PCN Potter's Cut-Off Needle \$1.19

A necessity for all potters, this thin needle set in a hardwood handle is used to cut through and remove the uneven top edge of thrown items. The needle makes a clean smooth cut with a minimum of drag.

Scrapers

Scrapers are used for shaping, smoothing and trimming pottery shapes. The steel scrapers are made from thin flexible spring steel.

S1 Steel, 4-5/8" \$2.55 **S3 Steel, 4" \$2.55**

S4 Steel, 3-7/8" \$2.45 **S6 Steel, 4" \$2.35**
SA4 Aluminum \$2.59

S10 Steel, 3-3/8" \$3.05 **S11S Steel \$3.85**

S12 Steel, 6" \$4.39

Potter's Ribs

These ribs are made from smooth-finished, imported hardwood. They employ the basic shapes required for opening, shaping, curving, smoothing and trimming wet clay on the potter's wheel. Sizes range from 3-1/2" to 5-1/2" long.

RB1 \$5.89

RB2 \$5.15

RB3 \$4.99

RB4 \$5.39

RB5+ \$6.79

RB6 \$6.05

RB7 \$5.29

Turning Tools \$13.89

Turning tools are used by potters to accurately shape, contour, and trim clay and plaster forms on the wheel. The heavy steel heads are brazed to steel shafts, plated, and firmly set into smooth hardwood handles. TT4 is a right-hand half moon; TT5 is a left-hand half moon. All turning tools are approximately 9-3/4" long.

SLT Scratch and Lift Tool \$5.39

For both sgraffito (scratch) work and clay lifting. Working end is a steel scratch knife, handle is smooth plastic. Length is 7-1/2".

WLS Wire Loop Sgraffito \$4.19

The small wire loops on each end of this tool provide a method of sgraffito in which variations of line width can be made within a single stroke. The furrow created by the loops is smooth and does not exhibit the flakiness usually associated with other sgraffito methods.

WS Wire Stylus \$4.69

The Wire Stylus is a versatile tool for incising greenware. A small wire loop, firmly set in a hardwood handle creates various size furrows, depending on the angle of the point.

CUB Cleanup Brush \$6.45

The double-ended cleanup brush is used to clean small, delicate areas in greenware.

AB Lace Tool \$3.49

Heavy, sharp needle; curved, pointed stainless steel blade; 5/16" dia. handle, 6-1/2" overall length.

JA Series Modeling Tools \$1.99 each

Recommended for beginner's. These smooth, hand-crafted modeling tools are made from the finest quality boxwood.

JA4, 6" \$1.75 **JA104, 8" \$1.75**

JAS Series Sculpting Set \$17.39

(JA4, 5, 6, 8, 15, 17, 18, 22, 24, 28, 32, 37)

This set contains twelve 6 inch imported wood modeling tools for cutting, slicing, smoothing, contouring and pattern decorating in soft clay.

WT Series Wood Modeling Tools

This series of wood tools offers a wide variety of shapes and contours for basic clay modeling. They are used for cutting, slicing, smoothing, contouring and pattern decorating in soft clay. They are made from imported hardwood and have a satin smooth finish. Rigid manufacturing processes assure consistent quality and form.

Amaco UG Applicator 18 Gauge ...	\$6.00

8 Inch Double Wire End Tools

This assortment of 8 inch tools provides the sculptor and potter with a series of shapes designed for medium duty cutting and slicing of clay. The wire ends are formed from high-strength stainless steel and are firmly attached to hardwood handles with brass ferrules.

STB Slip Trailing Bottle \$4.09

Slip Trailing Bottles are used by potters and ceramists to flow casting slips, glazes, and engobes onto ceramic pieces in raised decorative designs. The Kemper Slip Trailing Bottle is supplied with a round spout, a ribbon spout, and caps for both spouts. The large capacity polyethylene bottles holds 4 ounces and is easy to hold and squeeze.

DBSS Double Ball Stylus Tool \$3.49

Excellent for sgraffito, with variations according to size of ball end. Each tool has a coarse and fine ball of stainless steel, treated for hardness and set in a smooth hardwood handle. The furrow made by the Double Ball Stylus does not create flaking or collapsing of the sgraffito line. 5-1/2" long.

MRS Mini Ribbon Sculpting Tools, 5-1/2" Set \$18.49 Per Tool \$3.39

These miniature sculpting tools are made of fine ribbon steel heat treated for maximum strength and are just the answer for your fine sculpting, detailing, and trimming requirements. Firmly set in a 1/4-inch diameter by 5 inch aluminum handle, these tools are ideal for working with clay, greenware, wax, bread dough, plaster or any other modeling medium.

K33L Spongette 13" \$5.69

Sponges are used for cleaning, smoothing, and decorating greenware and pottery. The Spongette Tool features a soft cellulose sponge mounted on a convenient handle. The K33L is designed especially for working in deep vessels.

SPG Sponge Holder

In order to reach the bottom and inside walls of some ceramic pieces, it is sometimes desirable to have a sponge on the end of a long handle. This Sponge Holder consists of a hard wooden handle, special attaching screw and cup washer to firmly hold your favorite sponge. Gouges in the clay workpiece are practically eliminated because the design causes the sponge to surround the metal parts of the holder. The Sponge Holder is approximately 13" long without sponge. (The Sponge is included with the Sponge Holder.)

SPG Sponge Holder.....\$6.09
SPR Replacement Sponge.....\$1.25

PTK Pottery Tool Kit \$23.99

All the basic pottery tools required for the professional as well as the beginner. The Kemper PTK contains: Loop Tool, Ribbon Tool, Potter's Rib, Needle Tool, Wood Modeling Tool, Sponge, Scraper, Wire Clay Cutter. Kit is packaged in reusable, clear vinyl bag with pockets for each tool.

Budget PTK-8..... \$15.89
Budget PTK-9 With Fettling Knife \$16.69

Raku Tongs

These long-handled tongs are made from rust-free plated steel and are used to safely handle Raku ware without danger of burns to the potter. The jaws are solid and strong yet, can gently grip both large and small Raku pieces. Because the handles are tubular the tongs are both lightweight and strong.

RK 37 Raku Tongs 41" Toothless.....\$57.99
RK45 Raku Tongs 31-1/2" Teeth.....\$58.99

Disposable Surgical Scalpel \$2.55

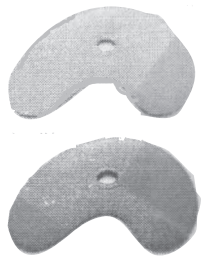

Perfect for cutting out designs and shapes in moist clay. Surgically sharp, plastic handle, 5 1/2" long.

Model MM6000

DIGITAL MM-6000

Capacity: 6000 gm (13 lb.)

Accuracy: +/- 1 gram

Plater Size: 5" x 8"

Features: Low profile compact size, simple weighing scale suitable for shop, office and factory applications, light weight, totally portable strong ABS housing structure and platter provides years of trouble free operation simple and user friendly design, only minimum maintenance required.

Price.....\$209.95

DIGITAL MM-600

Capacity: 600 gm (1 lb. 5oz.)

Accuracy: +/- .1 gram

Plater Size: 5.25" x 6.25"

Features: Low profile compact size portable scale, built in weighing, counting and percentage checking function for various applications, equipped with power on zero tracking, re-zero, full tare range, auto calibration, power saving function user friendly operation, minimum maintenance required.

Price.....\$209.95

Miscellaneous 34

Glaze Mixer

A great tool for mixing larger quantities of liquid glaze, engobes, slip, or anything that requires mixing. To operate, this mixer requires a 1/2" capacity variable speed drill.

Price.....\$37.95

New Mini Glaze Mixer (fits in pint jar)..... 27.00

Lab Sieves

Used to screen glazes after mixing and before application to make sure all dry materials are well blended and homogenous. This sieve fits conveniently over a 5 gallon pail. The mesh number indicates holes per square inch.

30, 40, 60, 80, and 100 mesh available.....each \$42.95

Grinding Media for Ball Mills

Made of high density highly durable alumina porcelain to assure thorough grinding and mixing of glazes. Ball mills should be half full of grinding media for proper milling.

1 lb\$2.25

Plastic Pint Jar with Lid

Perfect for storing dry or liquid materials such as glazes, engobes, stains, raw materials. Resistant to cracking and warping.

1 Pint Jar with Lid.....\$2.50

Respirators 3M 8210

A light weight disposable dust mask with rubber straps, good to wear while handling respirable dusts such as silica, manganese, lead, and other clay related dusts. N95 approved.

Single Mask.....\$2.00

Box of 20 Masks.....\$36.95

AMACO Canvas Covered Wedging Board

A portable work surface for wedging and rolling clay. Ideal for moving and storing hand built projects. The absorbent canvas top for water-based clays prevents work from sticking to work the surface.

10"x10" Wedging Board.....\$15.35

AMACO Hydrometer for Specific Gravity.....\$40.30

Columbus Clay Engobe Cone 5 (dry bisque slip)

This white clay slip is a great base for lining vessels, sgraffito work or adding your own colors to make your own unique colored clay slips (engobes or underglazes). Works well on moist mid-range stoneware or porcelain bodies. Be sure to test on the clay body you use. (see pages 10-13 for stains)

1 lb.....\$5.00

Over Glaze Lusters

Actual precious metals dissolved in aromatic oils and solvents. Brush on a fired glossy glaze and refire to cone 020 - 018. The results are amazing as 24k gold and platinum bonds to the glaze. Commonly used to band cups or plates on fine china, the possibilities are huge for this unique material. Four lusters available, Gold, Platinum, Mother of Pearl, Essence of Gold.

Liquid Gold cone 018, 11% Top Grade, 2gm (price subject to change).....\$38.00

Liquid Platinum cone 018, 2gm (price subject to change).....\$28.00

Mother of Pearl cone 020-019, 7/8oz.....\$12.90

Essence of Gold Thinner/Conditioner, 1/2oz.....\$6.95

Gold and platinum are available in bulk quantities, please call for quote

GM 818

Skutt Glass Kilns
The Skutt Glass Master Kilns are perfect for fusing, slumping, bead making and annealing large glass sculptures. Each Skutt glass kiln is equipped with the Glass Master controller. This controller is easy to program and offers the artist an array of innovative features. The Clamshell kiln's (GM-22CS) unique design is perfect for the professional studio artist. For beginning glass fusers and glass jewelry makers Skutt offers smaller glass kilns available in 115 volt for household use.

Skutt Enviro Vent 2

The EnviroVent 2 is a Downdraft Ventilation System designed to extract fumes from your electric kiln and vent them outdoors before they have a chance to enter the room. Because it is a Down-Draft Ventilation System the EnviroVent 2 also improves the firing atmosphere in the kiln while it is protecting you from the odorous fumes that can be emitted from certain clay bodies and glazes when they are fired.

- Vent 2 kilns or large ovals with 1 motor.
- Spring loaded plenum cup assures a tight, leak-free seal throughout the firing process.
- Negative pressure means no leaking.
- Ability to program on/off with Skutt controller.
- U.L. Listed venting system with Skutt kilns.
- Only U.L. Listed venting system with Skutt Kilns.
- Optional floor mount kit and 4" adapter included free.
- Remote mounting equals no vibration and longer motor life.

Enviro Vent 2.....	\$545.00
Dual intake kit.....	\$160.00
8' extension kit.....	\$32.00
Enviro Link.....	\$135.00

Kiln Safety Screen

Designed to keep kiln area clear and protect students and employees from possible injury when kiln is in operation. To create a highly visible warning, the screen is imprinted with the words "CAUTION KILN IN OPERATION" in yellow print.

Made with fire retardant canvas curtains and sturdy aluminum tubing frames, each panel measures 2' x 3'. Three panels are included in a set. Additional panels may be purchased to cover larger areas. Shipped unassembled, all necessary parts are included for assembly.

		9" x 4 1/2" x 2 1/2"	\$9.00
		9" x 4 1/2" x 3"	\$10.80

Kilns 42

Stilts

Item	# Pins	Diameter/Length	Price
1	3	.5 inch	\$.98
2	3	1.0 inch	1.06
3	3	1.5 inch	1.48
4	3	2.25 inch	1.65
5	12	2.25 inch	2.39
6	12	3.65 inch	2.79
7	3	3.65 inch	2.11
8	12	5.50 inch	5.82
9	9	7.50 inch	6.69
10	11	3.00 inch	2.37
11	15	4.00 inch	2.20

These stilts are rated to cone 11, however we recommend stilt-ing for cone 06-04 firings.

Refractories

Tile Setters for 6x6.....	\$35.00
Tile Setters for 4x4.....	35.00
Plate Setter 10-1/2x12x2-1/2.....	15.95
All Ceramic Stilt Assortment (100).....	35.00
NEW Bead Post Set w/6, 6" Rods.....	35.00

High Temperature Wire

Special high-temperature alloy wire can be used for any project that requires wire support in high temperatures of ceramic kilns; bottle sagging, bead supports, special stilts, element pins, kiln furniture, cone holders.

12" Rods 1/8 Diameter	\$8.50
36" Rods .085 Diameter	12.00
10' Coil 17 Gauge.....	7.45

Element Pins and Staples

Sharp-ended for easy insertion in the kiln wall, these devices hold loose kiln elements in place. Made of a high temperature resistant alloy for temperatures to 2500°F (Cone 13) Package 12 per package. 1 1/4" long

ELP Element Pins.....\$4.25

ELS Element Staples.....\$5.09

ORTON Pyrometric Cones

Pyrometric cones measure heat-work (the effect of time and temperature). Pyrometric cones are slender pyramids made from about 100 carefully controlled compositions. Each cone number is unique in measuring temperature within a small temperature range (less than 30°C). Cones measure the amount of heat absorbed. As the cone nears its maturing range, it softens and the tip begins to bend, drawn down by the influence of gravity. We Carry a large line of Orton Cones for all your firing needs.

Small Cones (SRB) 022 through cone 13	
Box of 50.....	\$9.60
Large Cones (LRB) 019 through cone 13	
Box of 50.....	\$13.40
4 hole cone plaque	\$1.25

Self Supporting Cones (04, 05, 06, 4, 5, 6)
Box of 25..... \$9.60
NOTE: VERY IMPORTANT! Make sure you are ordering the right cones! Cone 6 is a higher temperature than cone 06. If you are not sure of which cone to use, please give us a call!
